*A national payroll competitor is a company that processes payroll in every time zone

NTMA PAYROLL IS HERE!

NTMA PAYROLL
POWERED BY E-CHX OFFERS A
PACKAGE YOU DON'T GET
ANYWHERE ELSE

Employee Homepages

Employees have access to pay history and stubs. It's a convenience for you and your employees.

Real Time Payroll Updates

Why wait to run your payroll? When you enter in your payroll, there's no waiting for processing- it's done immediately, so it's very convenient and saves you time.

Flexible/Customized Reporting

Access over 30 reports that can be viewed by date range or on a per payroll basis. And, you can customize your own reports using our Report Writer software.

W-2s & Quarterly Returns

Available On-line

Not only do you receive hard copies of your W-2s and quarterly returns, but your CPA can access them on-line and your employees can access their W-2s as well.

RECOGNIZING QUALITY

The National Tooling and Machining Association has aligned with E-chx, Inc. to offer a payroll program that meets the specific needs of NTMA members. The Rochester, NY based firm has been selected as the NTMA partner for payroll because of its superior technology, designed by E-chx and because of its strong growth pattern, expanding from 0-5,000 clients in 5 years.

GUARANTEED 10% SAVINGS

Enroll in the NTMA Payroll Program and start saving now. If you switch from a national competitor*, you can enjoy a guaranteed 10% savings. And, E-chx is offering a 15% discount on our pricing for those working with a smaller competitor or doing payroll in-house.

SEE THE SAVINGS: If you employ 20 people and pay them weekly, your savings will typically be between \$300- \$600 per year when you switch from a national competitor.

BETTER SERVICE. SUPERIOR TECHNOLOGY.

With E-chx payroll service you can expect the highest level of personal service. Not only do E-chx specialists have an average of 7 years experience, but E-chx guarantees that a specialist will return your call within 2 hours or one month of payroll service is waived. And, E-chx technology provides shadowing capabilities, so that your specialist can walk you through any question and show you how to make changes on your own PC. NTMA
