

Dear NTMA members attending the Amelia Island convention or who were at St. Thomas,

The picture directory from the St. Thomas convention is finished and follows on the next pages of this site for you to download for yourself and to forward to your spouse for the upcoming convention. It takes about 1 to 2 minutes to download.

It was produced by Lisa Homeyer and myself, Debbie Bachman, from the St. Louis chapter. We thought it would be helpful, especially for the spouses, to be able to have a "cheat sheet" for matching names with faces at the national conventions.

We did not want to include anyone whose permission we had not asked. So only if you posed for Lisa or Debbie in St. Thomas, was your picture included. When the NTMA photographer's picture was of better quality, we chose his over ours.

It is a functional directory only, and is not going to win any prizes for the quality of the pictures, the editing, or the cropping, as neither of us owned the proper software to pull off a professional grade project.

The pictures are semi alphabetical from top to bottom in each column. There may be a few oversights included at the end that we caught at the last moment. Don't miss that there is one picture on the last page.

If you weren't included and wanted to be, or if there is a mistake in your name, or if you want your picture taken out.....Please let Debbie or Lisa know and we will correct it after the convention.

If you want to be added or if we somehow left you out, please be sure to track Lisa down at Amelia Island to take your picture.

If you would like to see this directory be updated with more people at Amelia Island, please contact Lisa as she could use help gathering couples for pictures and/or taking pictures if you have a digital camera as I am having to opt out this time.

Looking forward to seeing you all soon,

Debbie Bachman wbmanjr@aol.com 314 608 8173
